Introduction

The purpose of this document is to:

- The Absences module enables employees or managers to enter absence-related information in SSHR.
- You can request multiple absences and view them in a summary format.
- You can also view a history of absences you have taken and display current leave entitlement balances.
- You can submit a planned absence request (before the absence is taken) or a confirmed request (either after the absence is completed or when dates have been finalized before the absence begins)
- You can update absence requests as a manager or employee, for example, to change the absence dates or confirm the absence. Planned, confirmed, and updated requests can be submitted for approval.
- You cannot update requests when they are pending approval.
- You can update or delete approved absences. Use Delete in the Absence Summary page to delete approved absences.

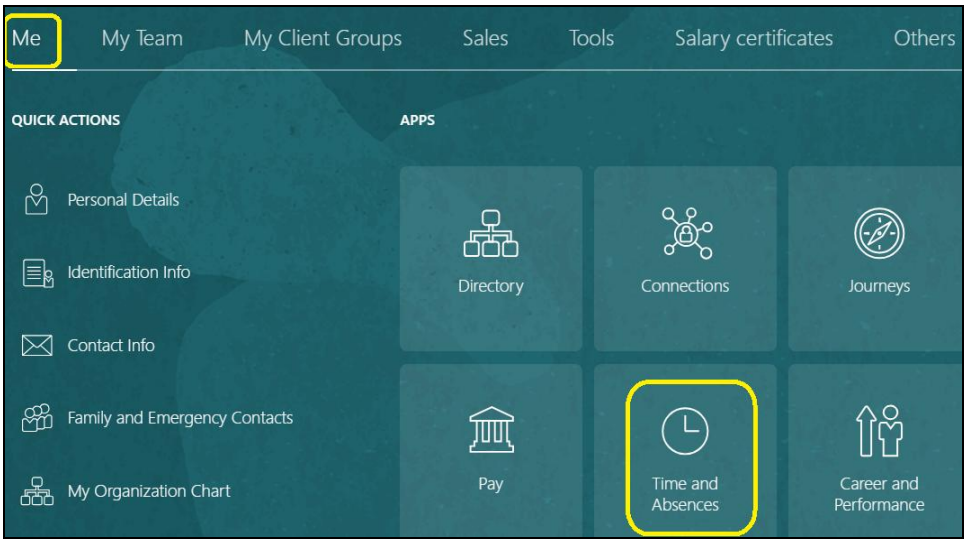
Absence Management - Employee

DMG have considered the current state of their absence processes and the underlying systems/IT capabilities that support these processes. During the Absence workshop, the key business impacts associated with current processes were reviewed and expanded in the context of the standard Oracle Absence Management Cloud processes and functionality.

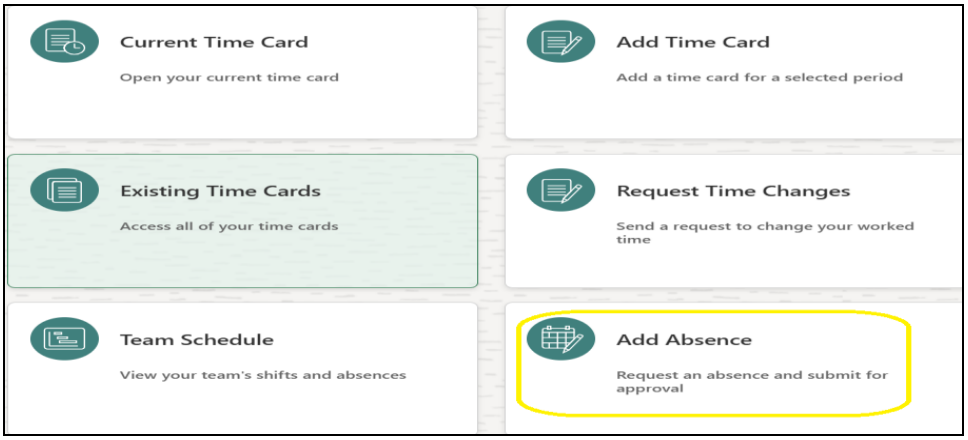
Submit Leave Request

Steps

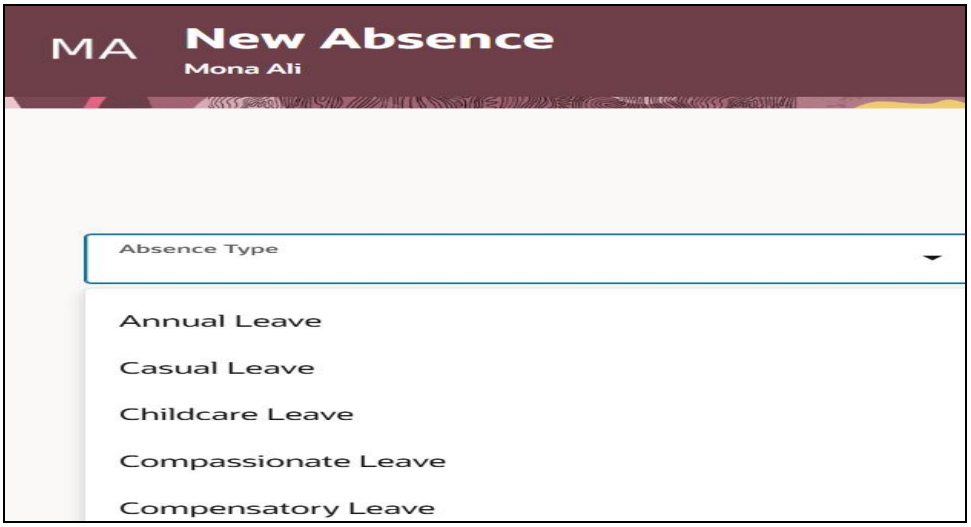
1. From “Me” icon
2. Click on “Time & Absences”.



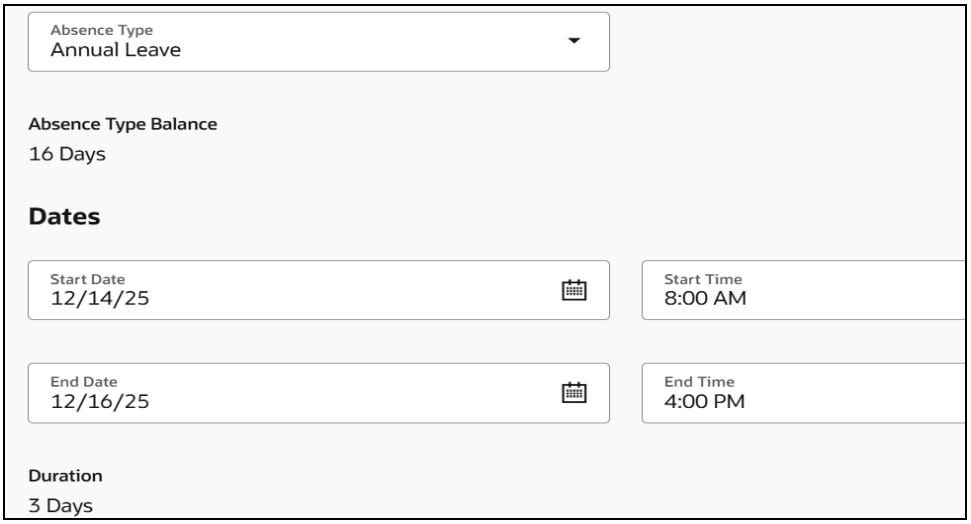
3. Click on “Add Absence”.



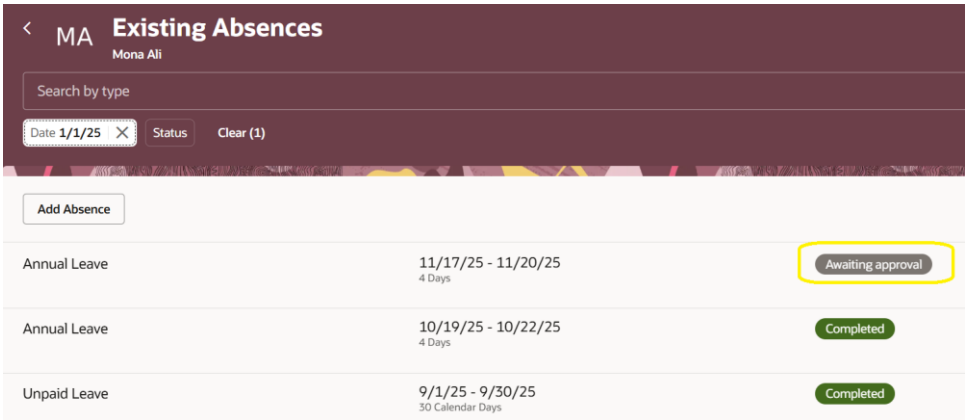
4. Choose the absence type.



5. Choose the dates desired.



6. Click submit.
7. Absence will go to the first approver until the full approval cycle is completed.



Absence Recording Statuses

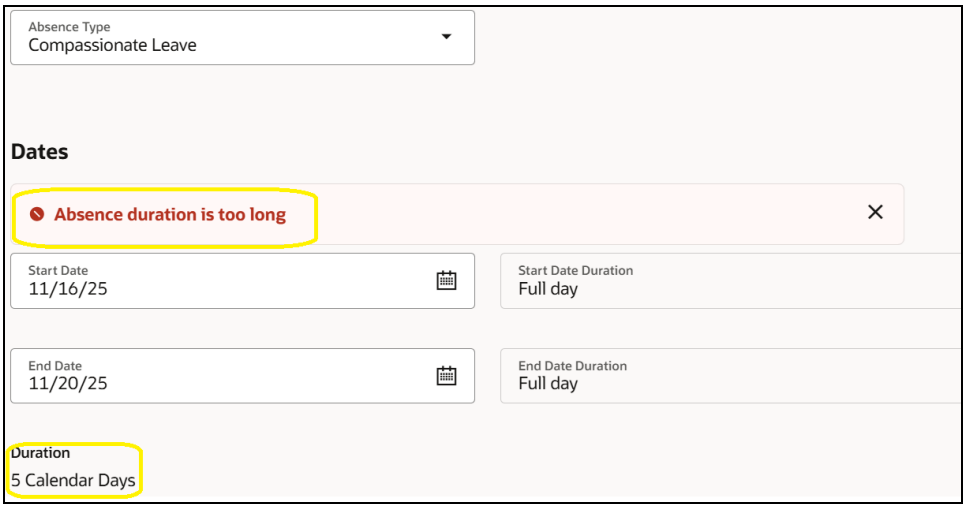
When you add an absence, the absence record displays the current status of the absence request. Depending on your role, you may receive a notification to take further action on the absence request. The absence status changes accordingly based on time and events.

Status	Description
Saved	You saved an absence request but haven't submitted it yet.
Awaiting Approval	Your submitted absence is waiting to be approved. On approval, the status changes to Scheduled or Completed.
Denied	Your submitted absence wasn't approved. Your rejected absence record doesn't appear any more in the Absence Records section.
Scheduled	Your absence request is approved for a period in the future.
In progress	Your approved absence has started.
Completed	You completed the scheduled absence.
Awaiting withdrawal approval	You canceled a scheduled absence and it's waiting to be approved. On approval, the status changes to Withdrawn.
Withdrawn	Your canceled absence is approved and withdrawn.

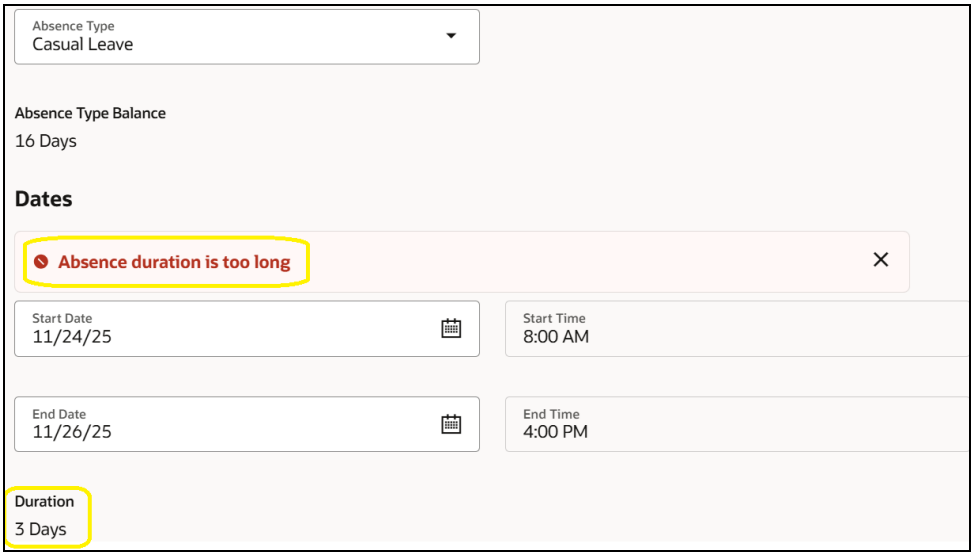
Absence Validations

The system will automatically validate all absence rules and criteria, Including absence maximum duration, absence occurrences.

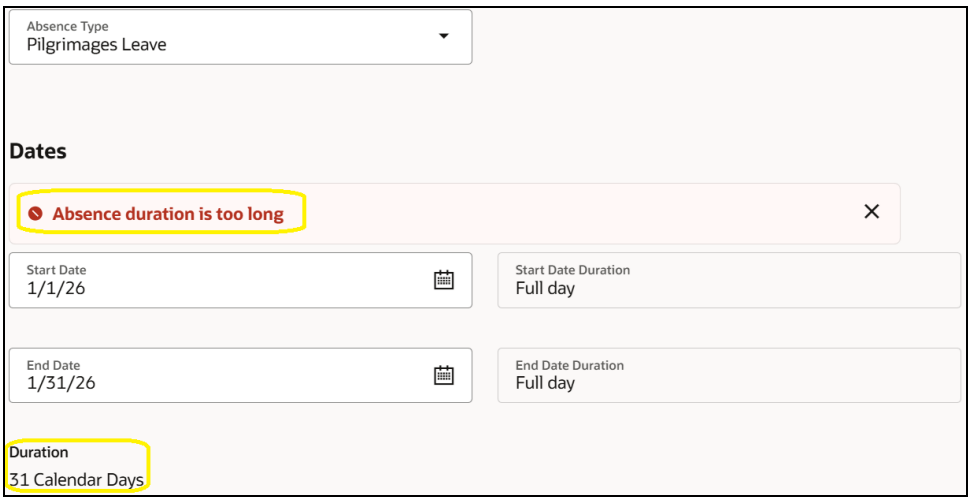
- Compassionate Leave: Maximum duration 3 days per request.



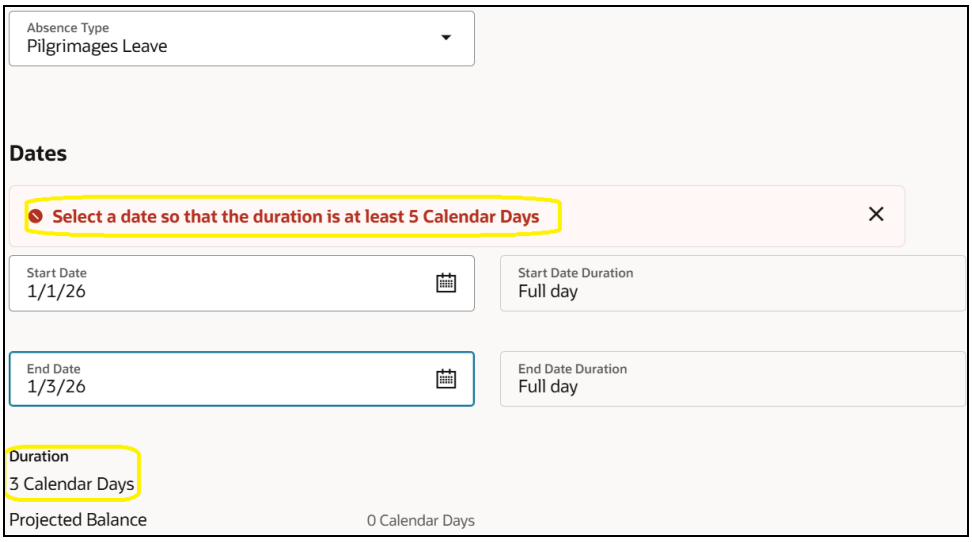
- Casual Leave: Maximum duration 2 days per request



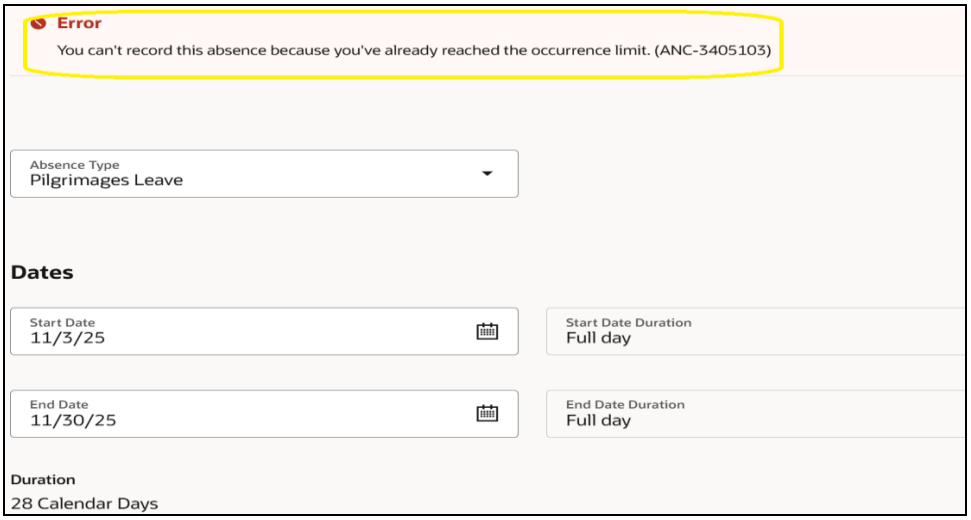
- Pilgrimages Leave: Maximum duration 30 days.



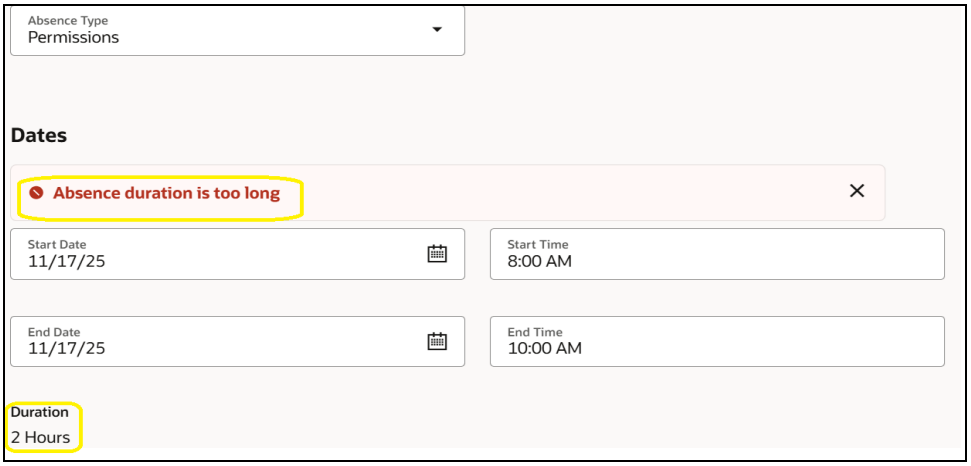
- Pilgrimages Leave: Minimum duration 5 days.



- Pilgrimages Leave: Maximum once per service.



- Permission request: Maximum 1 hour per request.

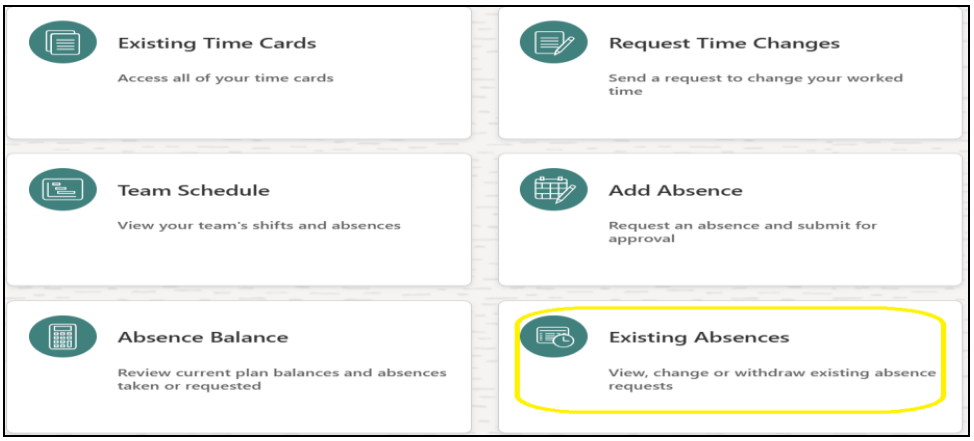


View Existing Leaves

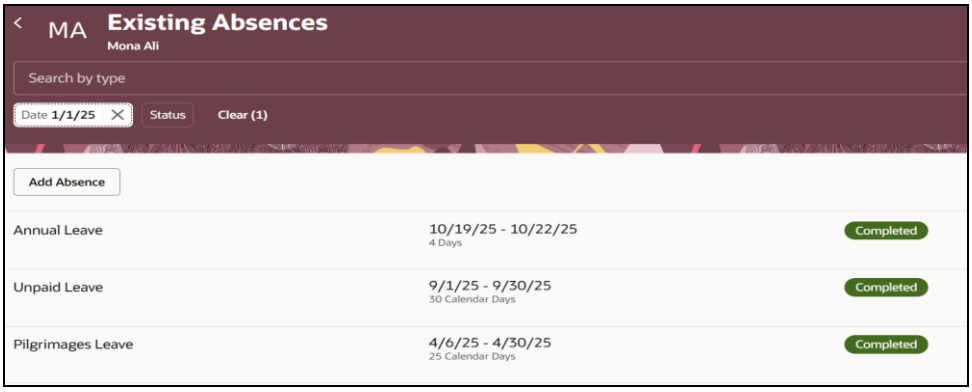
You can view your previously recorded absences in the **Existing Absences** page in the Time and Absences work area. This page displays all of your absences for the current year and their current status such as Scheduled, Completed, Awaiting Approval, and so on. You can search for an absence from any time period or date, and even filter the results by absence type or status.

Steps

1. Click on “Existing Absence”

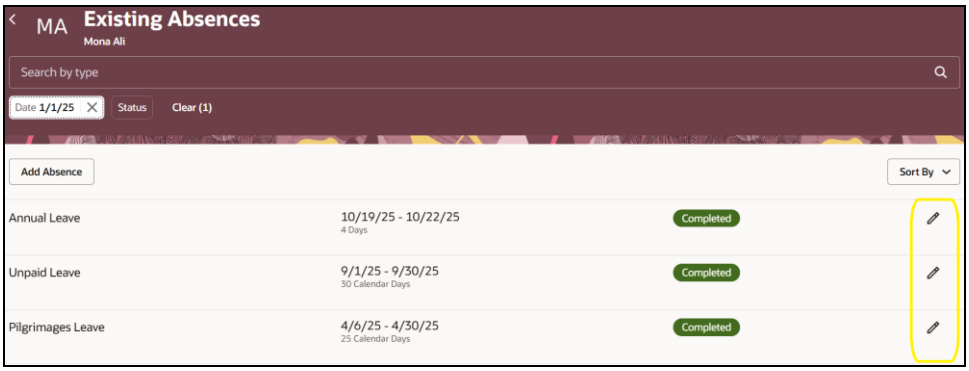


2. View absence requests.



3. View absence request details such as the name, duration, dates, and status.
4. Also, Employee can submit new Leave request from this screen by Click on Add Absence button.

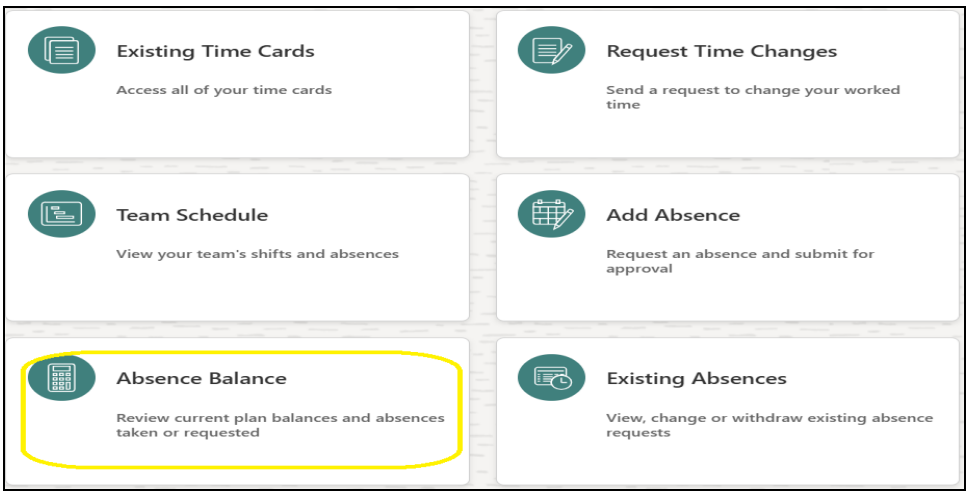
5.Edit the absence duration if needed.



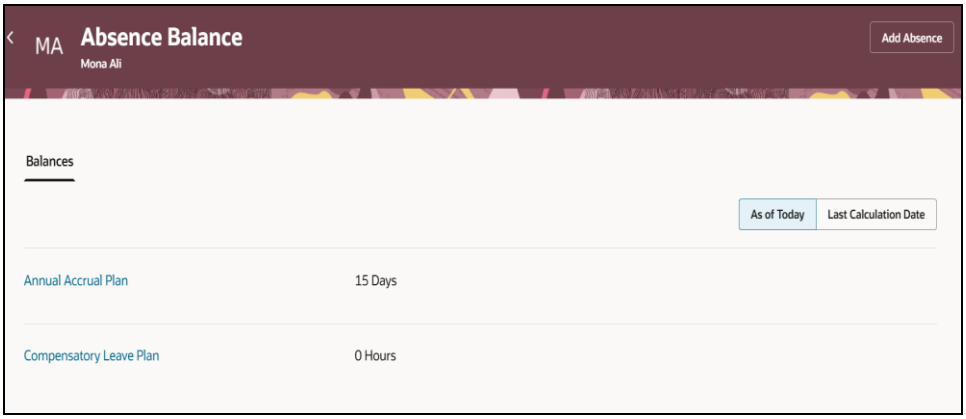
View Absence Balances

Steps

1. Click on “Absence Balance”
2. View absence balance.



3. Employee can View absence balance.
   - As of today : Means the displayed balance as of current system date.
   - Last Calculation Date: Means that the displayed balance as of end of current year.



4. Employee can submit a new absence from this screen.
5. By Click on Add Absence button.

Absence Management - Manager

As a manager on Oracle Fusion Cloud, Manager has many responsibilities towards your direct reports and team.

In this section, we are going to demonstrate the absence management features and functionalities from the managerial role point of view. Points to be discussed:

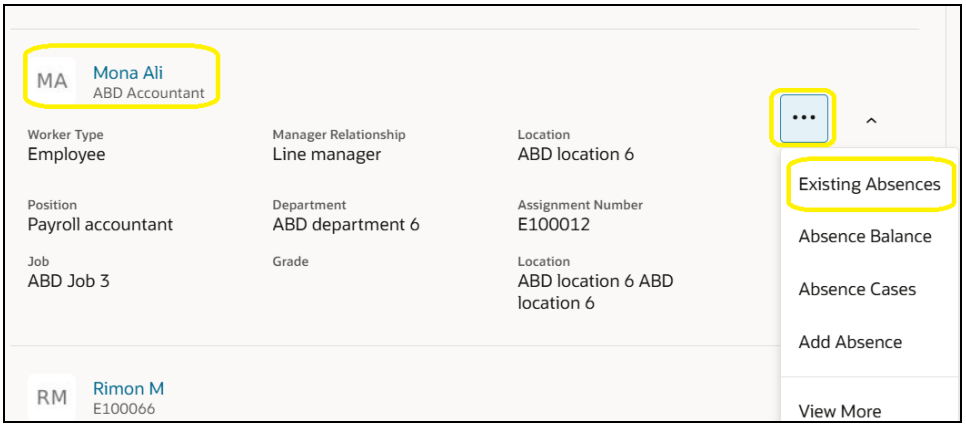
- View Direct Reports Existing Absence
- View Direct Reports Annual Balance
- Add Absence Leave for the Employee
- Approve Absence Requests for Direct Reports

View Direct Reports Existing Absence

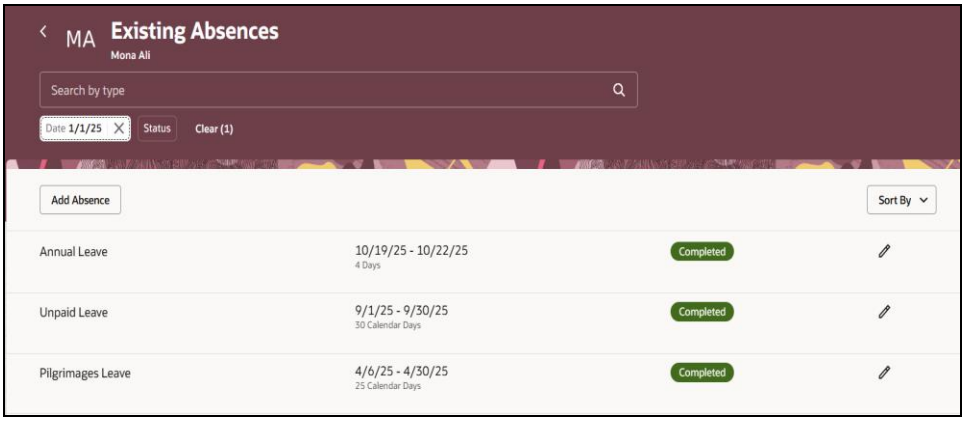
Steps

1. Click on “My Team”
2. Click on the Team Activity Center.

3. The screen displays all direct reported employees.
4. Manager can view the existing Absence for direct reported employees.
5. Click on Existing Absence Link.



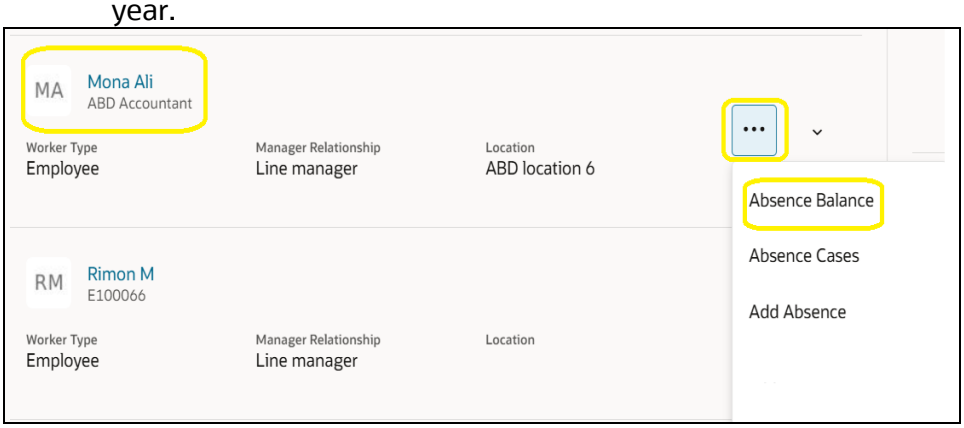
6. Manager can also submit absence type and enter absence duration with the same validations.

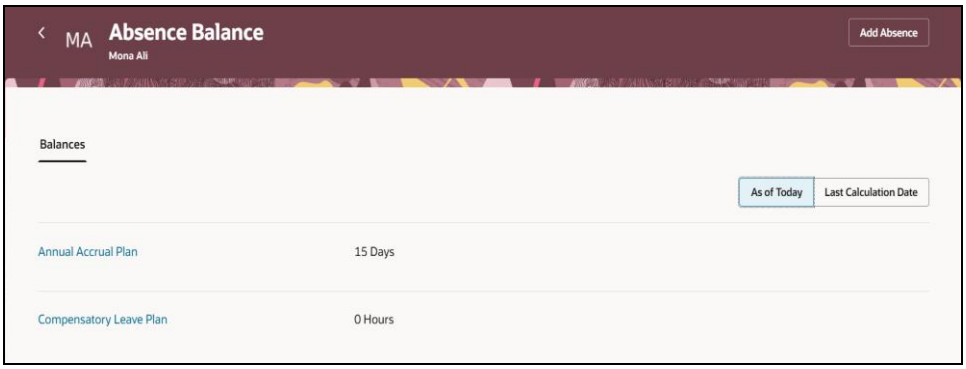


View Direct Reports Annual Leave Balance

Steps

1. Click on “My Team” icon.
2. Click on the three dots and select “Absence Balance.”
3. View balance
4. Manager can view employee absence balances.
5. Click on Absence Balance Link.
   - As of today: Means the displayed balance as of current system date.
   - Last Calculation Date: Means that the displayed balance as of end of current year.

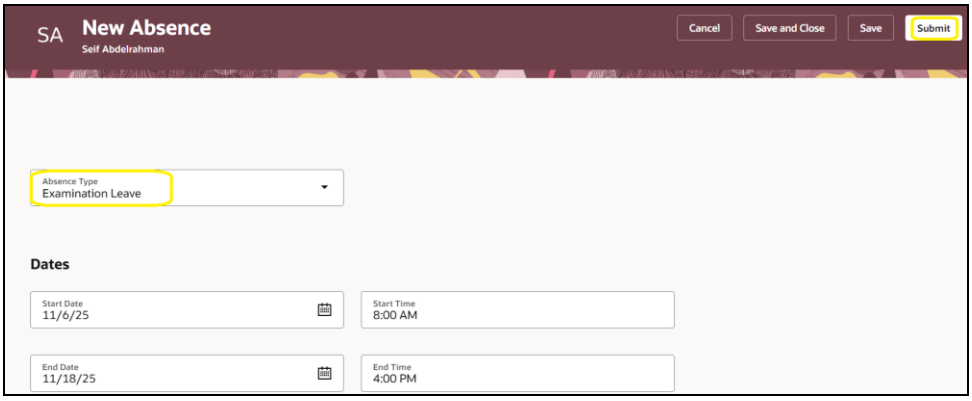




Add Absence Leave for the Employee

Steps

1. Click on “My Team” icon.
2. Chose the worker and click on “Add Absence”.
3. Choose the absence type.
4. Enter absence dates and details.



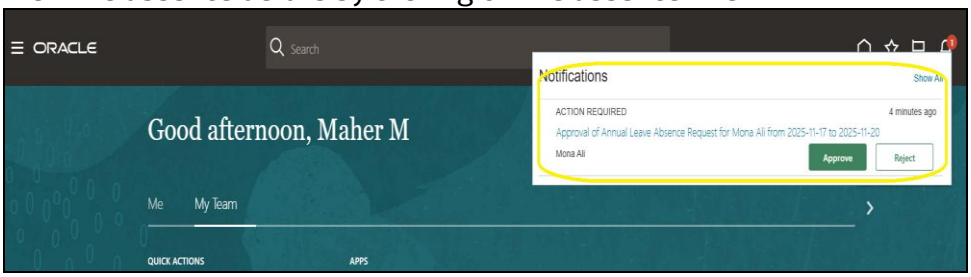
5. Click submit.

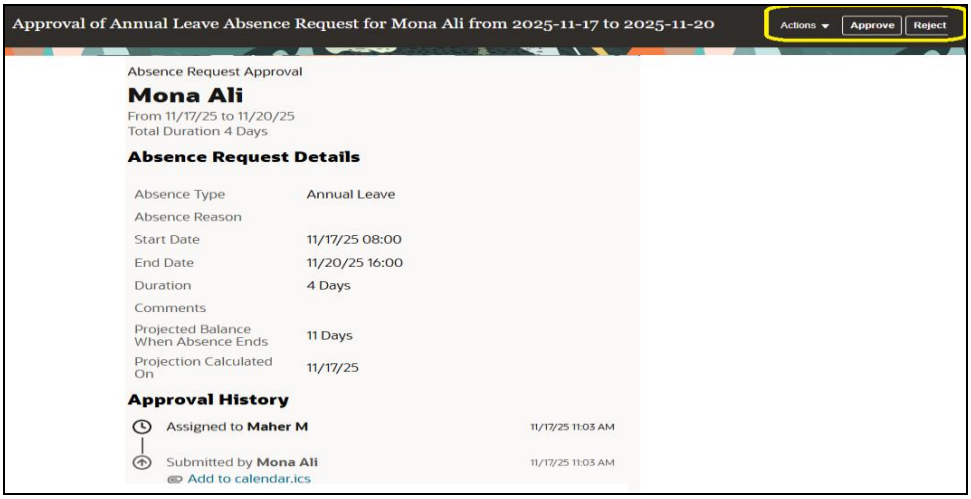
Absence Approvals

- As a manager, you can either approve or reject absence requests.
- They usually appear as notifications on the top right corner of the screen.
- Requests can be approved in bulk or each on its own.

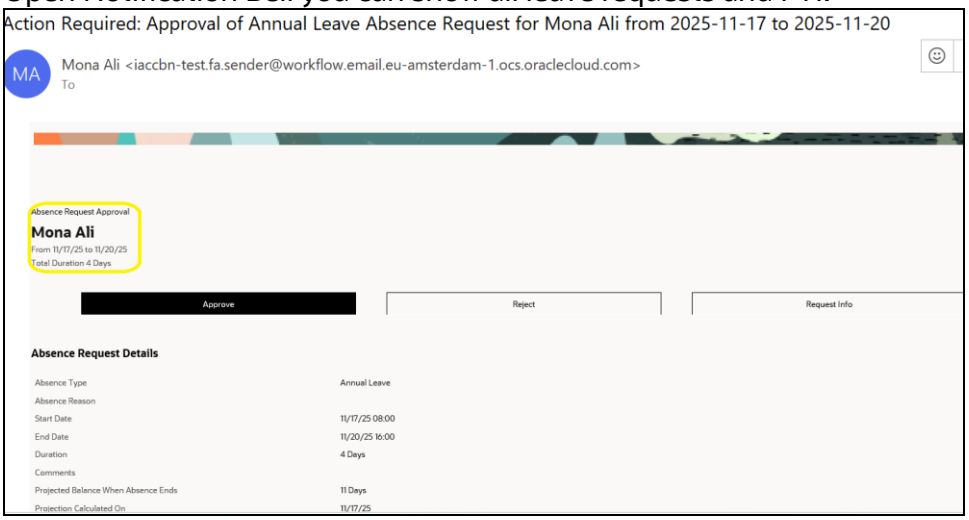
When an employee submits any request Leave Request, manager will receive notification on Cloud Oracle Application in Notification Bell And receive the same notification on outlook mail.

- Oracle Application notification
  - Open Notification Bell you can show all leave requests and FYI.
  - View the absence details by clicking on the absence title.





- Outlook notification
  - Open Notification Bell you can show all leave requests and FYI.



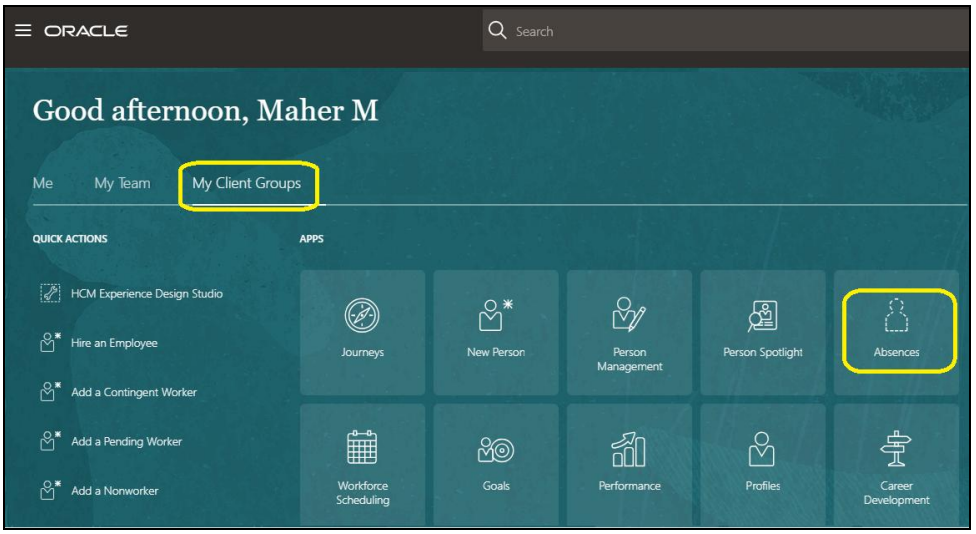
Absence Management – HR User

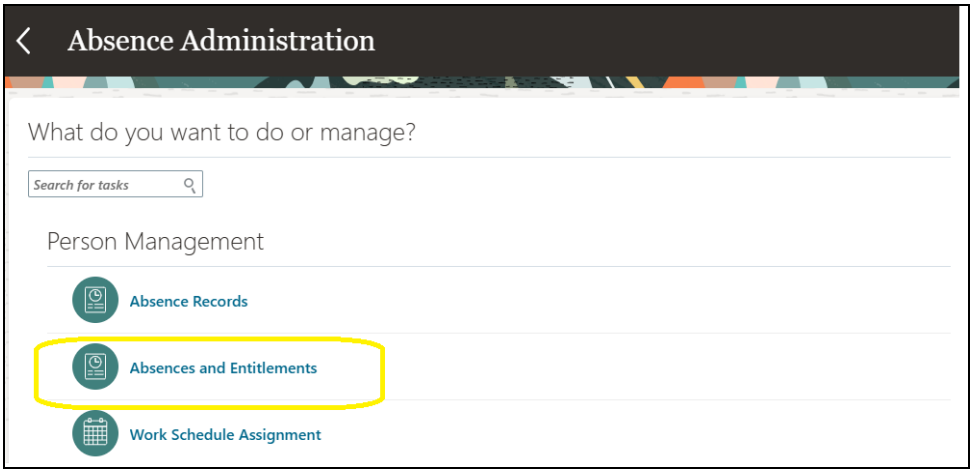
Search for an Employee

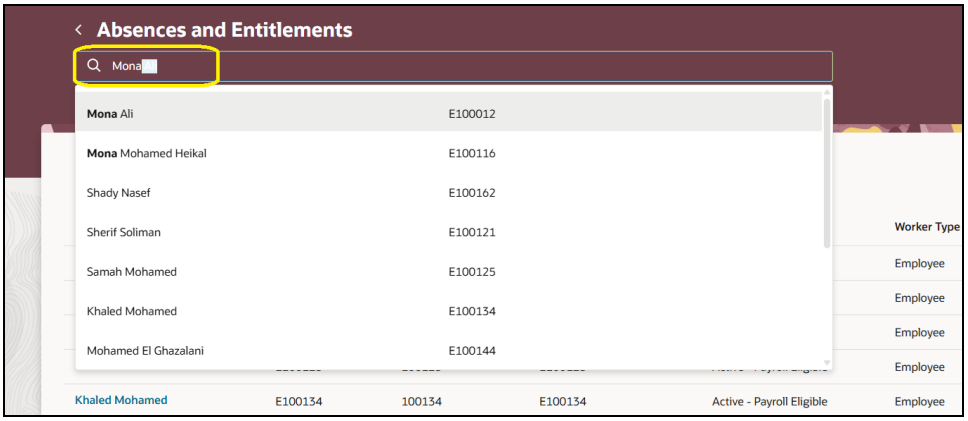
To search for an employee's absence data, follow the steps below.

Steps

1. Chose the absence diagram from My Client Groups navigation bar.
2. Click on "Absence and Entitlements".
3. Search by either person name or number.

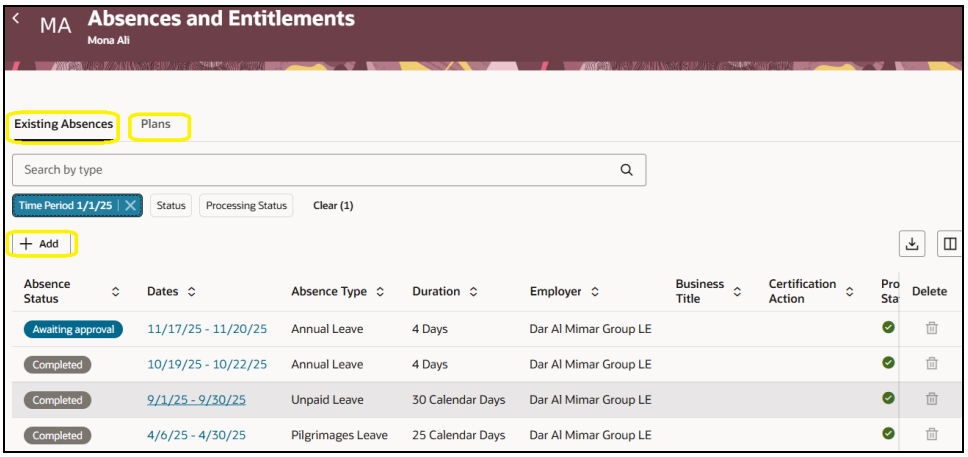




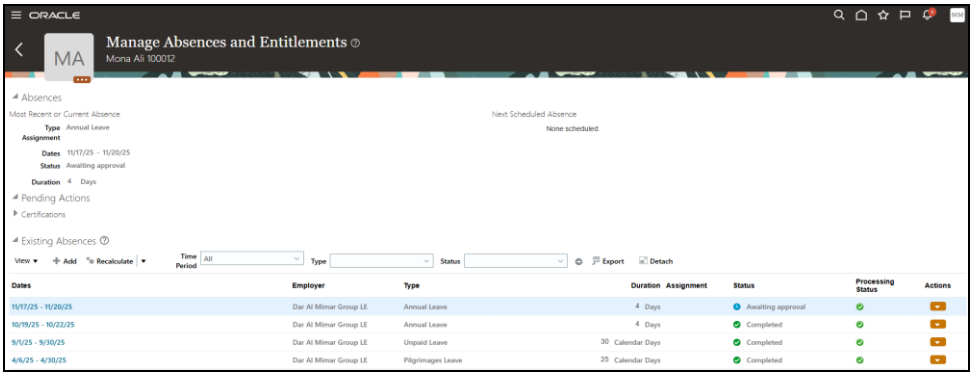


Absence Management Main Page

This is the main absence administration page where you, as an HR admin can manage anything related to the absence of a certain employee. Each component given a letter will be explained down below.

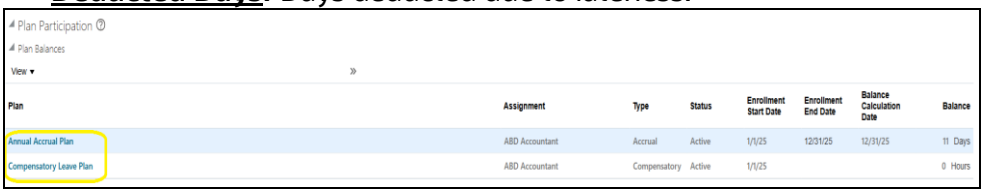


A. **Most Recent Absence:** The last absence consumed.
B. **Next Scheduled Absence:** The next scheduled absence.
C. **Add Absence:** To add an absence request to the employee.
D. **Filters:** A filter by absence type, time period, and status could be applied.
E. **Absence Entry Dates:** Dates of absences.
F. **Absence Types:** Absence type names (Annual, Casual, Sick, etc...)
G. **Absence Status:** Status of absence.
   - Completed: Approved and already consumed
   - Withdrawn: Absence was withdrawn.
   - Awaiting approval: Absence is pending approval
   - Scheduled: Approved but still not consumed since its date is not due yet



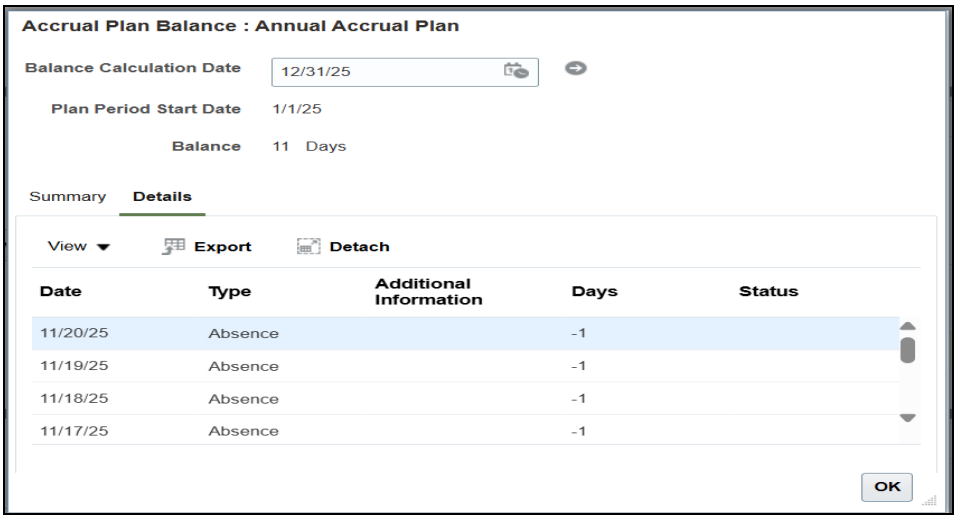
H. **<u>Annual Leave Plan</u>:** Plan containing all the worker's accrual details.

- **<u>Added Days</u>:** Days added from overtime hours.
- **<u>Deducted Days</u>:** Days deducted due to lateness.



I. **<u>Sick Leave Plan</u>:** Sick leave entitlements, payment percentage & used days.

Balance Components



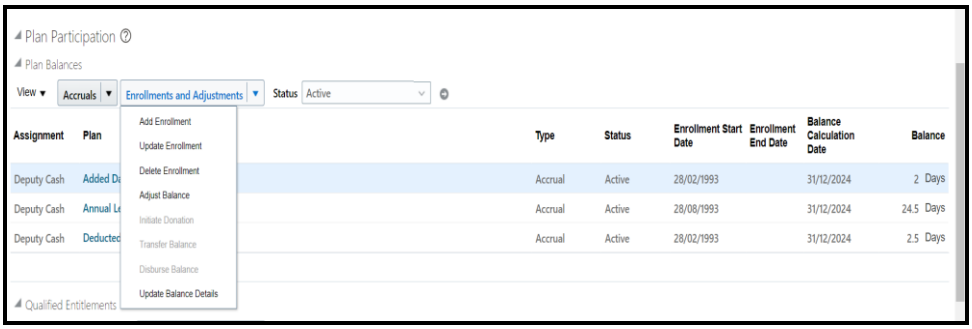
A. **<u>Balance Calculation Date</u>:** The date which the balance is calculated until.
B. **<u>Balance</u>:** Employee's net balance until that date.
C. **<u>Balance Component</u>:** Balance elements that makes up worker's balance *Details.*

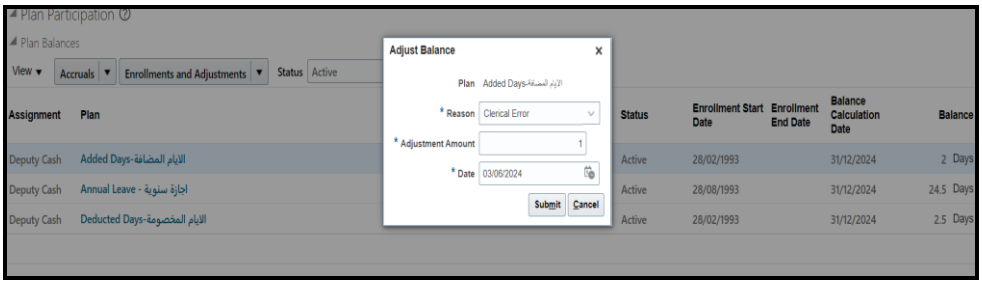
Manually Adjust Balance

You can adjust worker's balance manually in case of an error or if needed in general.

Steps

1. Click on "Adjust Balance".
2. Choose the reason for the adjusting, the amount, and the date.



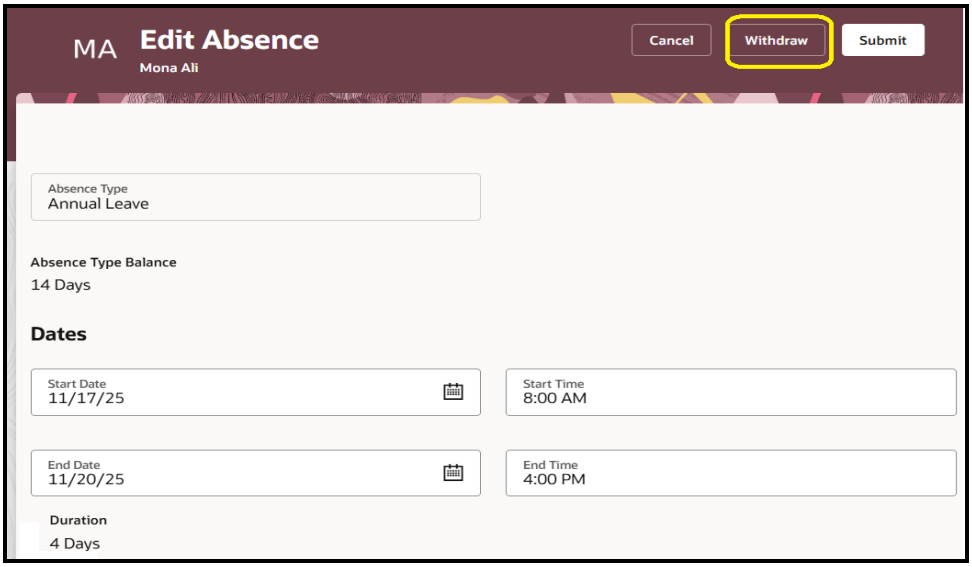


Withdraw Leave

A leave could be withdrawn from the employee and even deleted if needed.

Steps

1. Chose the absence request needed to be withdrawn.
2. Click "Withdraw"

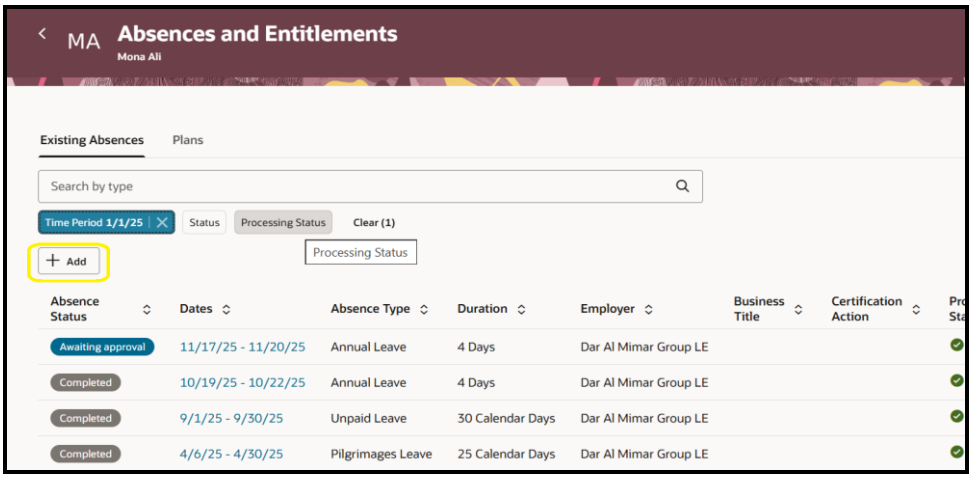


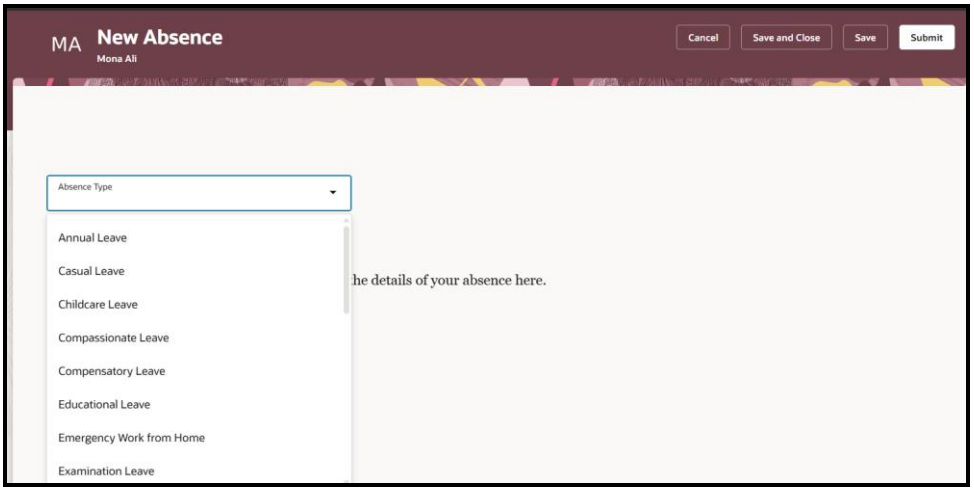
Add Absence to Employee

As an HR Administrator, you could add absences on behalf of the employees.

Steps

1. Click the “Add” button.
2. Select absence type.
3. Fill in the date and time of the absence.
4. Add any comments or attachments if needed.
5. Click “Submit”.



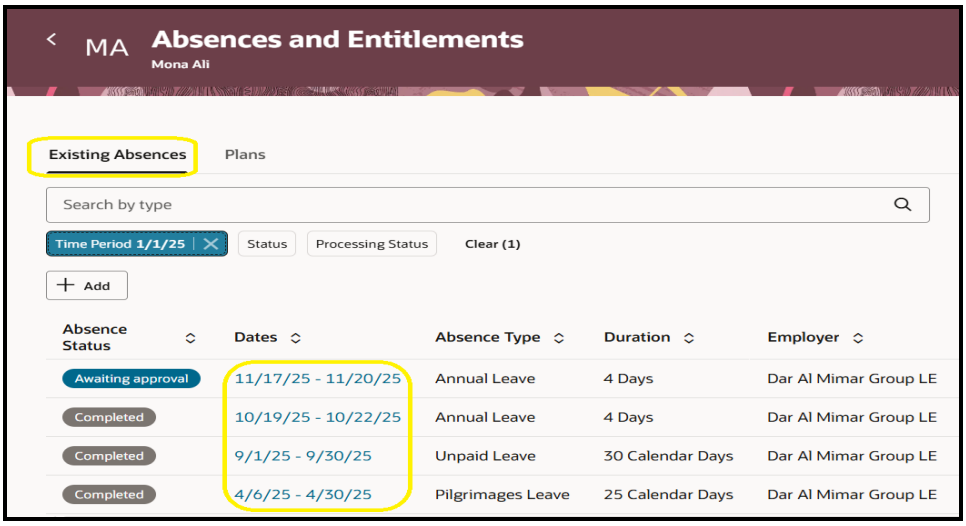


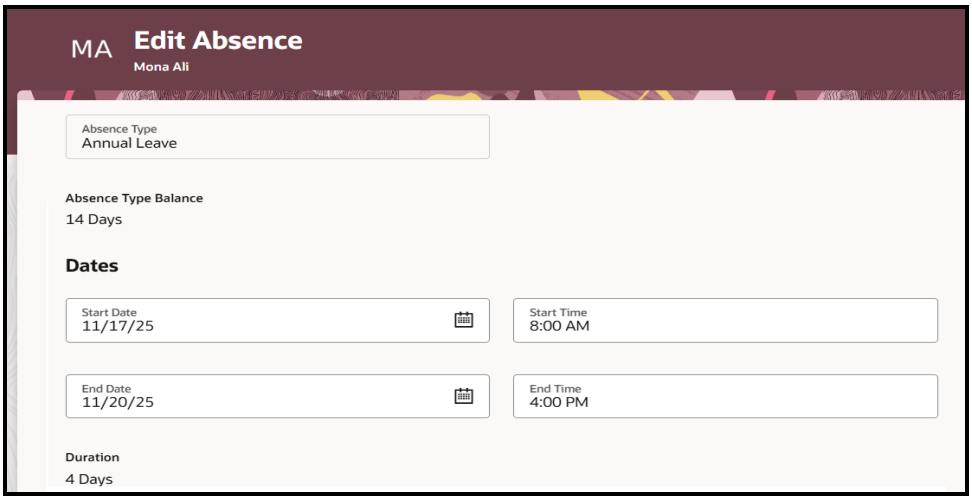
Review Employee Leave Request

Reviewing absence entries is important in case there's a need to check in for error. Here's how to do it.

Steps

1. Chose the absence entry.
2. Review date and time entered.
3. Edit time entries if needed.





Maintain Absence Enrollments

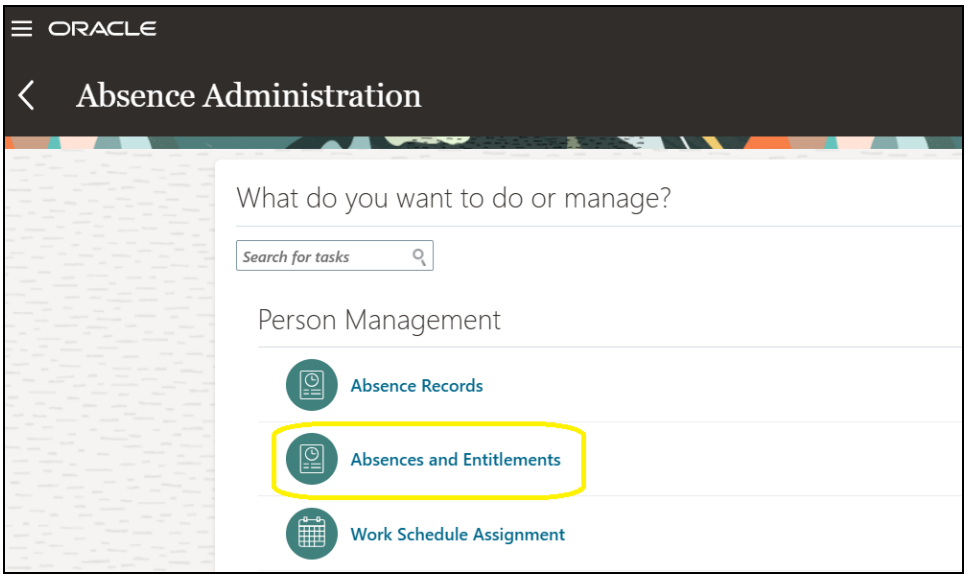
Human resource (HR) specialists use the Manage Absences and Entitlements page to:

- Record absences.
- Review entitlements and balances for the absence period.
- Review plans that the worker is currently enrolled in.
- Calculate accruals.
- Adjust plan balances.
- Enroll workers in new plans.

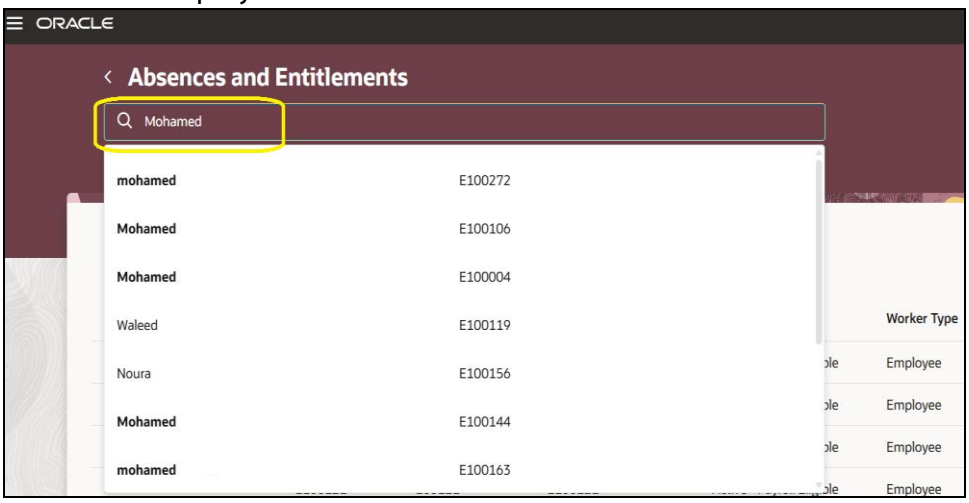
Steps

- Click “My Client Group”.
- Click “Absence” icon.

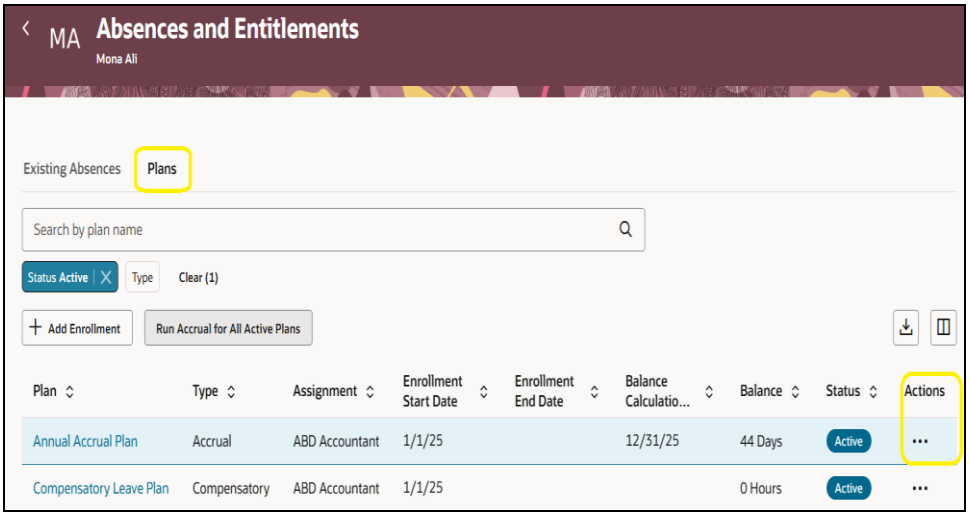
- From Absence and Entitlements.

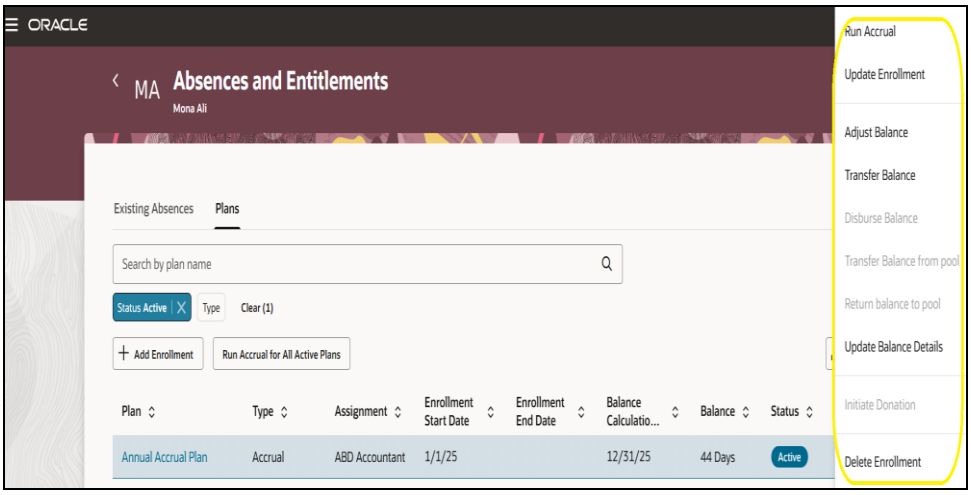


- Search For Employee.



- Click on Plans
- Select Plan name.
- Click on (…) under Actions Title.



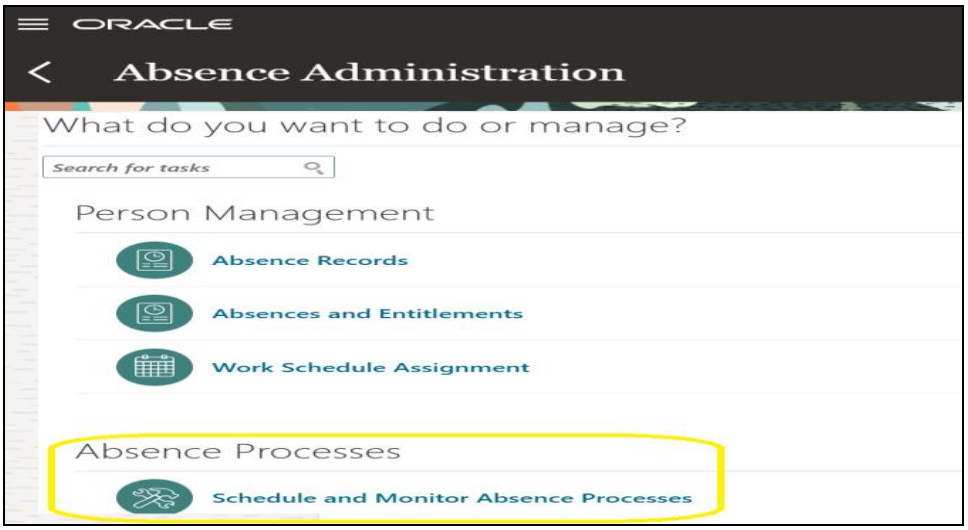


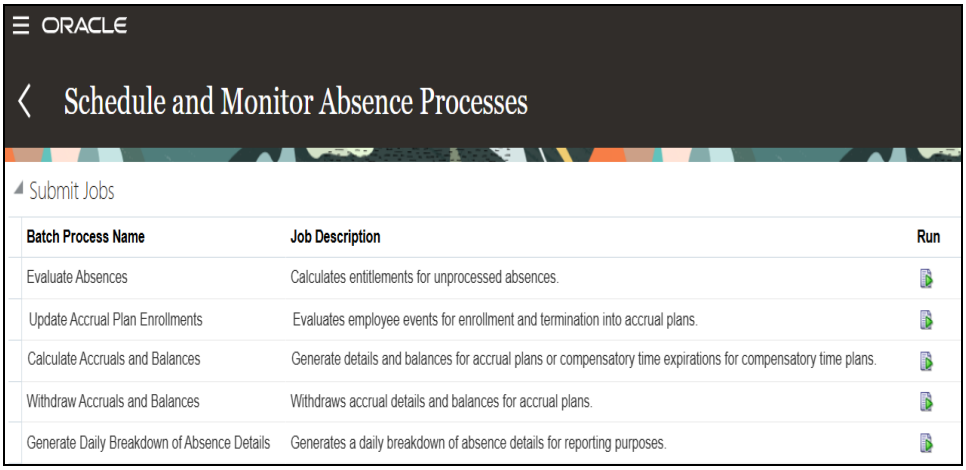
Manage Absence Processing

HR specialists can manage absence information for multiple employees using these processes.

Steps

1. Click “My Client Group”.
2. Click “Absence” icon.
3. From Absence Processes.
4. Click Schedule and Monitor Absence Processes.
5. Select the Process name and Click Run.





- Use the Schedule and Monitor Absence Processes task in the Absences work area to run the following absence processes:

Process Name	Purpose	Description
Evaluate Absences	Calculates entitlements for unprocessed absences based on absence plan rules	• Automatically runs when you enter an absence. • You can also manually run this process to calculate entitlements for absences with special conditions, such as duration changes or open-ended absences
Update Accrual Plan Enrollments	Updates enrollments based on the new hire and transfer events for multiple employees	• Administrators typically run this process daily to determine plan eligibility for multiple employees. • Determines an employee's plan eligibility and updates enrollments, such as new hire, termination, and transfer events. • For example, the process determines plan enrollment and terminates the enrollment if the employee is no longer eligible for the plan.
Calculate Accruals and Balances	Calculates the accrual balances for multiple employees under an accrual absence plan	• Administrators typically run this process at regular intervals. • You can also run the process for individual enrollments. • Calculates the absence balance for each active enrollment and updates the accrual plan balance
Evaluate Certification	Checks whether certification	• Administrators typically run this

Updates	requirements for multiple employees are past their due dates.	process daily to check if certifications are overdue. • Checks whether certification requirements are past their due dates.
Withdraw Accruals and Balances	Withdraws accruals or deletes enrollments in bulk for several employees.	• Withdraws and updates accrual balances or deletes enrollments in bulk. • Administrators typically run this process when there is an error in calculation, or the dates and they want to roll back the accrual balances to correct the error. • You typically run this process to correct existing accrual data.
Generate Daily Breakdown of Absence Details	Generates the daily breakdown of absences for absence. The included absences are for absence types with Include in daily report breakdown selected on the create or edit absence type pages, Action Items tab	• Creates a report listing the daily details of an absence based on how absence type rules are configured. • Administrators typically run this process to view the daily absence breakdown in the Absence Calendar Real Time Entry Report.
